Brunswick	36
Columbus	9
New Hanover	161
Pender	19
Robeson	15
Sampson	21
Scotland	9
CCHA Region	34
<i>North Carolina</i>	4003

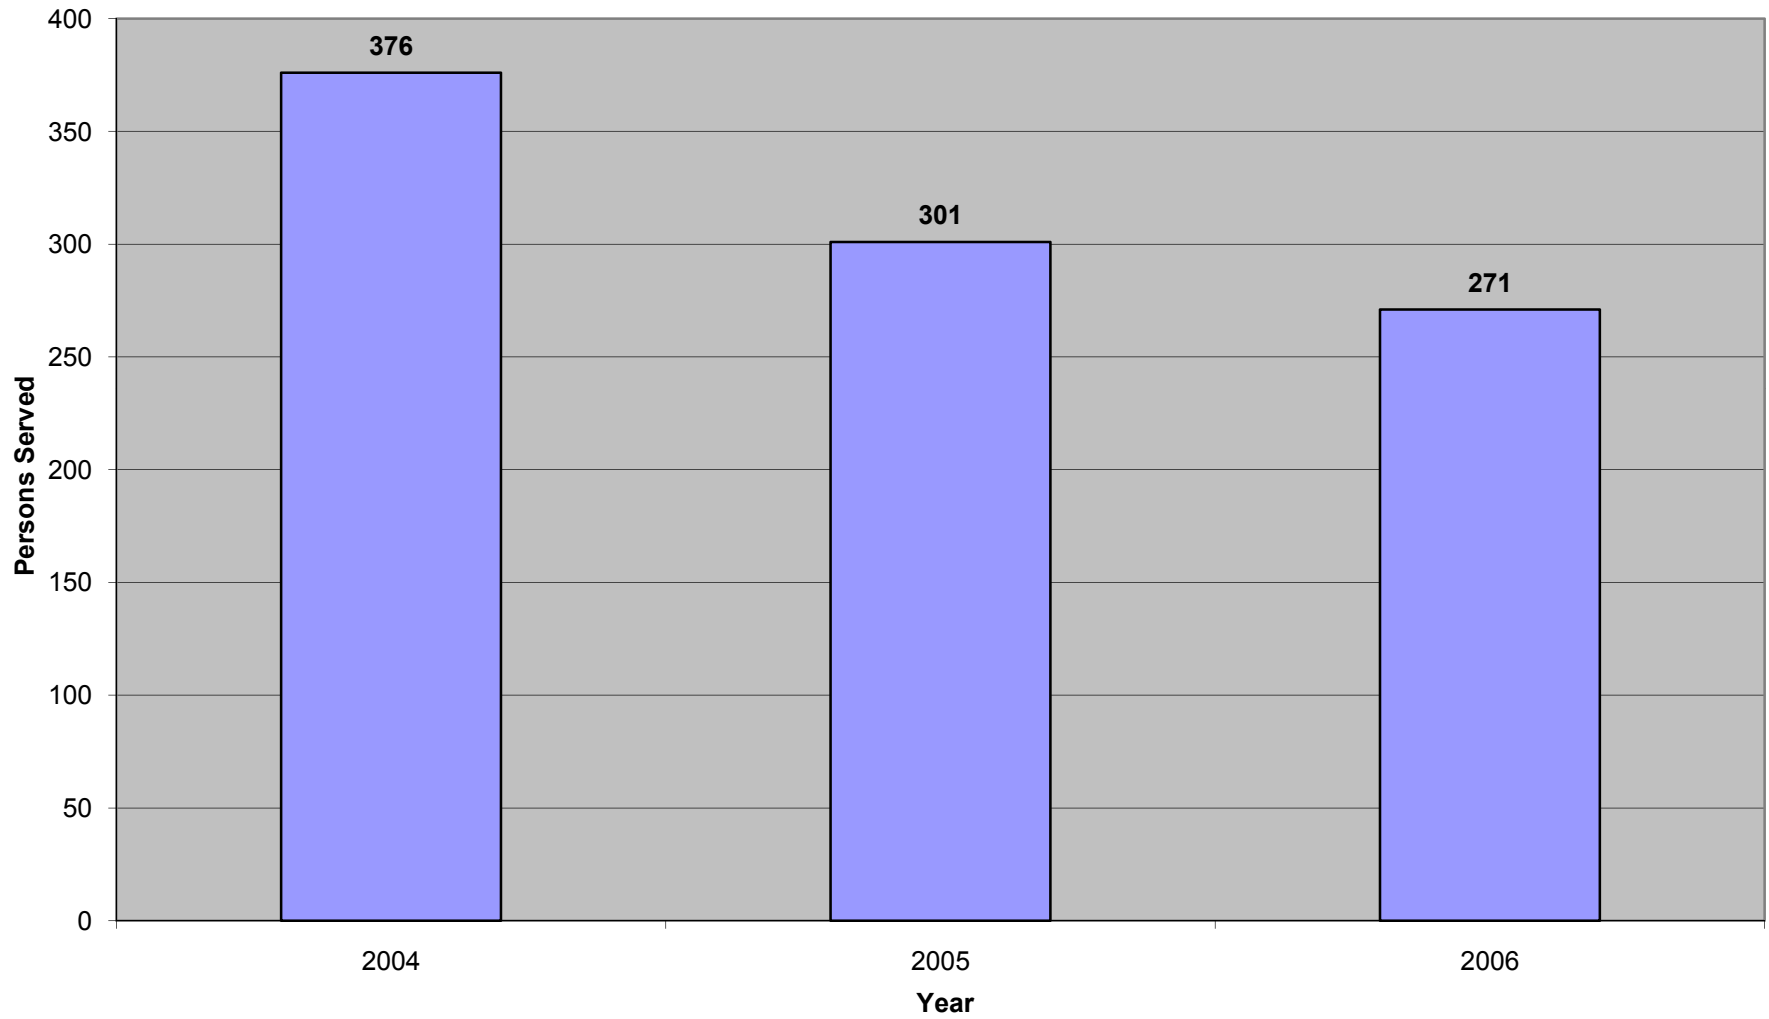

Persons Served in NC Alcohol and Drug Treatment Centers (518): Sometimes referred to as "episodes of care", these counts reflect the total number of persons who were active (or the resident population) at the start of the state fiscal year plus the total of first admissions, readmissions, and transfers-in which occurred during the fiscal year at the three state alcohol and drug abuse treatment centers. Excluded are visiting patients and outpatients. Multiple admissions of the same client are counted multiple times. County of residence is reported at the time of admission. North Carolina data include clients reported to reside out-of-state. From 1984 forward the resident population is counted on July 1. During prior years the resident population was counted on June 30. Prior to 1988, data published in the Division's Annual Report came from reports submitted by the facilities (DS24 Report) and differs from the data in LINC, which is extracted from the archival unload tapes. Since 1988 the data extracted from the unload tapes is considered the final end-of-the-year count.
